The library for Sayreville is located on Washington Ave., in the Parlin section of Sayreville. That's the library we use for the Horseshoe Rd. site. There are two libraries in Old Bridge. The main one is located right in the Municipal Complex where we were last night. There is also a Laurence Harbor branch located on Shoreland Circle, right off Rt. 35. It might be a good idea to use the branch location. I will go there and check it out. Do you have a preference?
